

July 13, 1982

Dear Mr. Weisberg:

I am planning on visting Washington D.C. between July 23 and July 27. If your offer of invitation is still good I would like very much to meet you and view your extensive J.F.K. files and documents.

While I lived in Gaithersburg, I remember the South Moutain Inn as an enjoyable and scenic reasturant. If your schedule permits, perhaps you and Mrs. Weisberg would be my guests for dinner one evening while I am visiting.

Not wishing to intrude upon your time, if you would advise me as to the best time for me to plan my visit to Frederick that would be convient for you then I will plan my itinerary accordingly.

Looking foreward to meeting you, I remain ...

Sincerely Yours,

Bob Benn

Dear Bob Benn,

7/17/82

Fine.

But remember, unless I hear from you, I'll be away all mornings except Sunday until between 10:30 and 11:00. I go to a nearby mall to walk then, but if you want me to be home, let me know.

Makes no difference when you come - as long as I don't have another affidavit to prepare in some FOIA suit, and that I never know in advance. I don't expect any.

You know how to get to Frederick. To get here, get off at Exit 7W, go to the Holiday Inn and turn right to Shookstown Road, less than a mile, with a four-way stop, turn left there for a couple of miles to Old Receiver Road, turn right about 3 blocks to the large black mailbox with 7627 on it. We are up the lane just before the box and it doesn't go anywhere else.

Shookstown Road is under repair, so be careful when you get to that point. After you are on the part being repaired, the first road on the right is Old Receiver. About a city block onto it there is a poorly marked fork. Stay to the left there or you'll go into a development with a dead end. Right after this fork is a small white house on the right, then a red brick one with a large carport and a TV mast and then, on the curve, where the road goes steeply downhill, there is a patch of woods on the right. Our woods, and the lane is about 300 feet after where it begins.

We'll be delighted to dine with you, thanks,

Sincerely,
